Dear Tal,

We just returned to the US from Israel. On the flight home we had a chance to reflect on our time with you and in your fascinating country. My wife and three children all agree this was an incredible experience.

You brought thousands of years of history to life for us, including life today in Israel. You have a far-reaching knowledge of history, the bible and archeology and an ability to pull it together in engaging stories. You also did a brilliant job navigating the group through the crowds and adjusting the logistics to make it easy for everyone. I appreciated the time you spent connecting with my family and the other guests on the tour. Everyone felt comfortable and cared after. I see now why our Globus guests give you and our tour such strong ratings.

Thank you for this once in a lifetime experience. These are memories we will have forever. Please let me know if you come through Denver. The family would love to see you and I'd like you to present to our staff here at our Globus office. Thank you again for everything. Good luck with the rest of your 2020 Globus tours.

All the best,
